

HOW TO BUY LSEA TOKEN

Official token (Base): 0x6c40A8ed68990a60BcEE2efb3793a16FBb287605

- **Click the “Buy Luminsea (LSEA)”** button on our website. Uniswap opens with WETH → LSEA already selected.
- **Connect your wallet.** Tap Connect, choose MetaMask or Coinbase Wallet, and switch to “Base” if it asks.
- **Make sure you have a little ETH on Base.** You need ETH to buy LSEA and to pay a tiny network fee.
- **Type how much you want to spend.** In the top box (WETH/ETH), enter the amount. You’ll see how much LSEA you’ll get.
- **Press “Swap” → “Confirm Swap”.** Your wallet pops up. Press Confirm.
- **Wait a few seconds.** You’ll see “Transaction confirmed”.
- **See LSEA in your wallet.** If it doesn’t show, **add the token manually** using this address: 0x6c40A8ed68990a60BcEE2efb3793a16FBb287605
